**Subject:** Uber in Charleston and SC

We were recent visitors to Charleston and were very pleased with the service we received from Uber. The cars were clean, the drivers courteous and they drove safely.

In our opinion it is a disservice to the public to prohibit Uber from operating.

Sincerely,  
John and Mary Britton

**Subject:** Uber in Greenville

To Whom it May Concern,

I recently move to SC from Maryland in order to start a small creative business. Before moving to Greenville I actually checked to see if Uber was available in the city and it was one of the reasons that convinced me that Greenville - and the wider state - was building the tech and social infrastructure needed to launch creative companies.

I hope PSC can quickly resolve the issues with Uber and find ways to incent them to grow in our state.

Grady

**Subject:** Support for Uber!!

I am very much opposed to the order you've issued directing Uber to cease and desist operations!! I am a veteran and my husband is retired military and we love driving for Uber. We are very impressed with the way they conduct themselves. They performed background checks on us, required a vehicle inspection and proof of insurance, etc, before allowing us access to the application. Every rider I've met (visitors from all over the US) has complained about conventional taxi service in Charleston. I had a doctor's appointment today and discovered the doctor I saw was an Uber user who is very concerned about the possibility of losing this service! The only folks I've seen/heard complain work for conventional taxi companies. Support my right to share my ride!!!

Teresa Shuler  
Charleston, SC

**Subject:** KEEP UBER. Uber keeps us SAFE!!! Cabs in Charleston are unreliable and inefficient!!!

Hello:

This email is to encourage you to do everything possible to KEEP UBER in South Carolina. I live in Mt Pleasant, SC and am also a small business owner. **Patrons of the bar that I am invested in really never had a reliable option for a sober ride home before Uber. Cab drivers in Charleston are known for being dishonest, are not up front about fare charges once crossing the bridge, and there are simply not enough cabs to transport people from downtown to the surrounding areas.**

Charleston is GROWING and the current cab companies can not keep up with this growth. Additionally, the cabs here are unreliable and charge unpredictable fees. I travel a lot for work and have had several instances where the cab I ordered failed to show up on time in order to get me to the airport.

**Uber is reliable, fair, and SAFE. You can track the driver, give feedback, and determine the fare before you even accept the ride. I much prefer Uber over traditional cabs.**

**By removing Uber, you are encouraging your constituents to drink and drive. You should be ashamed of yourselves for pulling Uber out of a municipality that needs it the most. If you want to do what is BEST FOR THE PEOPLE AND NOT THE MONOPOLY OF CAB COMPANIES, KEEP UBER IN SOUTH CAROLINA.**

Respectfully,

Katie Cosgrove  
Resident of Mt Pleasant, SC

**Subject:** Uber in SC.

As a visitor in SC I was extremely happy to see that your wonderful state had Uber available. They always provide me with safe, inexpensive and efficient rides in most of the cities I travel to and are always extremely service minded.

I find the technology, service and safety Uber provides should be the new industry standard for all taxi, chauffeur and ride sharing companies.

It therefor saddens me deeply to read that they are now banned in SC. I can not understand why you would do this when they always work for the safety and comfort of their passengers. I have always been inspired by your great country for your entrepreneurial spirit and your free markets. I seems very unamerican to me as a foreigner that you would ban a company providing a much better, cheaper and safer product.

It would be a terrible loss for the great state of SC's visitors and residents to loose this excellent service. i urge you to please reconsider and I hope you will come to the right conclusion giving all your visitors and residents the freedom to choose who they want to ride with.

Best regards
